PROFESSIONAL SUMMARY

Results-driven Salesforce Developer & Administrator with 2 years of production experience at Unbrako (DFL). Proficient in Apex, LWC, Flows, SOQL/SOSL, REST APIs, Salesforce-SAP integration, and SAP ABAP basics. Delivered automation reducing manual effort by 40%, improved data accuracy by 30%, and maintained 85%+ Apex test coverage. Experienced in Agile delivery, data migration, ETL, and cross-platform integrations.

TECHNICAL SKILLS

Salesforce: Apex, LWC, Visualforce, Flows, Process Builder, Approval Processes, SOQL, SOSL, Data Loader, Sales Cloud, Service Cloud, App Builder, Sandbox Management, Change Sets

SAP: SD/MM Modules, SAP ABAP (Basic), Table Extraction, Salesforce-SAP Bi-directional Integration

Integration: REST APIs, JSON Parsing, ETL Processes, Postman, Workbench, FileZilla

Development: HTML5, CSS3, JavaScript (ES6+), Git, VS Code, Salesforce CLI, Developer Console, Metadata API

Data & Analytics: Reports & Dashboards, Excel (VLOOKUP, Pivot Tables), Data Migration, Deduplication, Data Quality Frameworks

PROFESSIONAL EXPERIENCE

Salesforce Developer & Administrator

Unbrako (DFL) — Fastener Manufacturing MNC | Ludhiana, Punjab | June 2024 – Present

- **Administration:** Managed Salesforce org for 25+ users — user provisioning, profiles, permission sets, role hierarchy.
- **Apex Development:** Built and deployed Apex classes, triggers, batch jobs, and scheduled classes with 85%+ test coverage following governor limits and bulkification best practices.
- **Lightning Web Components:** Developed reusable LWC components (data tables, search filters, record panels) integrated with Visualforce — reduced new page development time by 60%.
- **Process Automation:** Automated 5+ end-to-end workflows using Record-Triggered Flows, Screen Flows, Process Builder, and Approval Processes — saving 15+ hours/week across departments.
- **Salesforce-SAP Integration:** Built and maintained bi-directional REST API integration for real-time sync of customer/material master data and sales orders — eliminated all manual reconciliation.
- **SAP ABAP (Basic):** Applied foundational ABAP knowledge for SAP-side data extraction, table queries, and custom report support as part of cross-platform integration workflows.
- **Document Automation:** Developed automated PDF generation using Apex & Visualforce for invoices/reports — auto-attaches files and sends email notifications on record closure.
- **Data Quality & Migration:** Improved data accuracy by 30% via validation rules and deduplication; executed bulk Data Loader migrations with 100% post-migration integrity.

KEY ACHIEVEMENTS

- 40% reduction in manual effort — automated 5+ workflows saving 15+ hours/week
- 30% improvement in data accuracy via validation rules and deduplication frameworks
- Zero critical org incidents — independently managed CRM for 25+ users
- Salesforce-SAP real-time integration delivered on schedule; fully eliminated manual reconciliation
- 85%+ Apex test coverage maintained — always deployment-ready
- 60% faster page development via reusable LWC component library across 4+ pages
- 100% post-migration data integrity across multiple large-scale Data Loader projects

EDUCATION

Bachelor of Technology — Computer Science & Electronics

I.K. Gujral Punjab Technical University | 2020 – 2024

CERTIFICATIONS

- Salesforce Certified Administrator (SCA) — In Progress, Expected 2026
- Salesforce Certified Platform Developer I (PD1) — In Progress, Expected 2026

CORE COMPETENCIES

Communication • Problem Solving • Team Collaboration • Time Management • Cross-functional Coordination • Agile Methodology • Adaptability • Attention to Detail
